

JOIN US ON OUR...

ACE Medical Affairs invites you on an adventure in **BOLD** leadership where you **OWN** your development by unlocking the wealth of knowledge that lies in the HP Development Hub. The Quest is only for the strong in energy, optimism and curiosity who recognize the importance of developing skills and knowledge to support your career goals and enrich your life.

HOW IT WORKS

The Hub Quest will launch at the Hub Booth during ACE MAAC and run through the end of July. During this time, you, the Knights of the Hub Quest, will set out to explore the Hub and conquer as many materials and topic areas as you can. You will earn points for your valor and growing knowledge. The bravest of all who accumulate the most points by each milestone will be rewarded richly for their efforts.

STEP 1: EXPLORE

Venture to the Development Hub Booth at ACE MAAC to participate in the first Epic Hub Quest Challenge. You'll make quick progress on the Quest and receive **Star Knight** recognition. Literally! You will receive a unique, celestial reward just for participating in this first activity. Expect to check out the Digital Zone and Development Hub to explore the different topic areas and materials that interest you. You'll make a plan and set a goal that will advance your development and help you create your Hub habit and achieve your Epic Quest!

STEP 2: TAKE ACTION

There is no time to waste. Schedule appointments with yourself to gain knowledge in the Hub and never stray from your goal. As you slay individual Hub materials and whole topic areas, you will earn more points.

STEP 3: VICTORY IS YOURS!

The Hub Quest is designed around three milestone dates: May 13, June 25 and July 27. High-performing Knights with the most points earned from the start of the contest through each milestone date will be rewarded! The three Knights who have persevered through challenging schedules, competing priorities and distractions to win the most points by our final milestone on July 27 will be named our winners. They will hereby be honored with custom illustrations of the photograph of their choosing by a professional artist.

PROCLAMATION

All Hub Quest Knights must stay alert for announcements about how they can double or even triple their points at certain times during the Quest.

ARE YOU BOLD ENOUGH TO BE A HUB KNIGHT?
